TO ORDER FILTER CARTRIDGES**

## Carbon Filter

Model: IC620

Filter System Serves:  
Soft Drink Towers/Carbonators  
Filtered Water Faucet,

Replacement Cartridge:  
**101-300**

**Change Frequency: Annual**

## Ice Machine Carbon Filters

Model: IC620-2P

Device Serves:  
Ice Machine Only

Replacement Cartridge:  
**101-300** (requires 2)

**Change Frequency: Annual**

## Whole House Softener (scale reduction)

Everpure Part #: EV9980-31 (FSU)

Everpure Part #: EV9983-21 (Mall)

Device Serves:

Ice Machine, Coffee & Tea Brewers,  
Veggie Prep Sink,  
4-Compartment Sink, Hot Water Heater,  
Kitchen Hand Sinks, Restrooms

Regeneration Frequency: (most Units)  
Every 2 Days

Regeneration Process:  
Salt Water Flush

Salt Type:  
Solar Salt Recommended

Average Salt Usage: 75 lbs. per Week  
**Salt Delivery Program Recommended**

Everpure Technical Support - 800-942-1153

**Valve Tag Legend**

## Coffee / Tea Carbon Filter

Model: IC600

Filter Serves:  
Coffee & Tea Brewers

Replacement Cartridge:  
**101-390**

**Change Frequency: Annual**

## Goulds AquaBoost II Booster Pump

Model: 2AB22HM1F2E0 (whole house)

Warranty: 2 Years Parts Only

## Chick-fil-A Water Filtration

### Filter Cartridge Change Procedure

		
<p>Close filter inlet valve.</p>	<p>Depress red button on top of filter head to relieve pressure.</p>	<p>Remove each sump using sump wrench. Rinse each sump with mild soap solution.</p>
		
<p>Replace each sump o-ring and lubricate with supplied lubricant.</p>	<p>Replace each filter cartridge into sump. Hand tighten sump into housing</p>	<p>Open filter inlet valve.</p>

### FAQs

**Q. My water is fine, why do I need to change filters?**

A. Chick-fil-A requires tasteless and odorless ingredient water for all beverages. Even in "good" water markets, chlorine removal from city water supplies substantially improves the quality of finished beverages.

**Q. How often do I change filters?**

A. Carbon filters and scale reduction cartridges are designed to last only 12 months. The 4.5" x 20" prefilter may need more frequent changes.

**Q. Can I change filters myself?**

A. Yes, Strategic Equipment will ship filters directly to your Unit for installation at your discretion.

**Q. How do I know which filters to order?**

A. The replacement cartridge ID for bowl-style filters from Selecto and Everpure is identified with a label on the "head" of the filter housing or on the body of the bowl. The cartridge ID for filters without bowls is printed directly on the cartridge.

**Q. Who pays for filter replacements?**

A. Filter replacements are a Unit expense. Replacement costs vary depending on the filter system age and type.

**Q. I have a water problem. What should I do?**

A. Contact the Facilities & Equipment Support Line at Ext. 8998.

**Q. Who do I contact for filter system or water softener service?**

A. If you do not have an account with an authorized Selecto or Everpure service agent, contact Strategic Equipment 866-324-4253 option #5 for a referral.
